QUERY	KPRBS RESPONSE
<p>Why is there written in the qualification form for “FOREIGN TENDERERS 40% RULE (NOT APPLICABLE) 49”: does it mean foreign tenderers are not eligible for this one, even with 40% in local content?</p>	<p>The tender is a National Open Tender thus foreign companies are not eligible. Only companies registered in Kenya will be allowed.</p>
<p>I would have a question about the criteria 1 on similar works conducted.</p> <p>Can the relevant experience shared with you be projects done by our partner who supplies the equipment or do we have to do a JV to share this experience?</p>	<p>Relevant experience to be considered is for the bidding firm only and not a partner.</p>
<p>Regarding criteria 1, is it disqualifying to not meet it?</p>	<p>Yes, for any bidder to proceed for financial Evaluation, they must meet all the technical evaluation criteria.</p>
